About Company

Boumed is family-owned medical enterprise based in Boksburg Gauteng, South Africa, that is committed to delivering superior, cost-effective and innovative solutions tailored to meet the everyday requirements of the clinical and medical industry. With a focus on quality and future-proofing, Boumed addresses the diverse needs of healthcare professionals and institutions. The company's dedication to excellence is reflected in its comprehensive range of products and services, designed to enhance the efficiency and effectiveness of medical practices. By continuously adapting to the evolving landscape of the medical field, Boumed ensures that its clients receive the most advance and reliable solutions available, thereby contributing significantly to the improvement of patient care and overall healthcare outcomes.

Vision and Mission

Vision:

The vision of Boumed is to provide practical, safe, efficient and high-quality solutions and service to enhance the healthcare sector.

Mission:

The mission of Boumed is to empower medical professionals with cutting-edge technology to achieve better clinical outcomes and enhance the quality of life. We are dedicated to providing innovative, reliable and cost-effective solutions that support healthcare providers in delivering exceptional high quality standard care. Through continuous investment in research and development, we ensure our products and services meet the highest standards of safety, quality and efficiency. Our goal is to advance patient healthcare and contribute to the overall well-being of the communities we serve.

Our Values

Our values integrate every aspect of our company, forming the foundation for behaviour, attitude and decision-making. These values define our culture and embody the mindset and actions essential for Boumed to thrive and achieve our objectives.

Performance:

- We embrace operational excellence.

Integrity:

- We are ethical, trustworthy and honest.

Innovation:

- We develop sustainable, affordable solutions.

Care:

- We act responsibly towards our people, customers, society and the environment.

Our Products

Boumed's product range embraces various items including surgical instruments, consumables and specialised equipment.

Surgical instruments:

Hand-held instruments for all surgical disciplines supplied by Inka Surgical.

Consumables:

Boumed supplies consumables in the form of myringotomy knives, grommets/ventilation tubes, micro-otology drills, micro suction tips, ear dressings, nasal splints and nasal packaging. These products are supplied by Grace Medical and Innovia Medical.

Specialised equipment:

Boumed is the proud distributor of the Bluescan diode laser, from Intermedic as well as specialized ENT Imaging equipment from Ecleris.
